

Dear Commissioner,

On behalf of Rogers Park Middle School Counseling Department, we would like to inform you of what a huge impact the School Based Health Center has on our school.

Our students have the opportunity to take advantage of the medical services and mental health services they provide on a daily basis. Having these services available at school ensures our students to gain the most academically, while being able to readily access needed benefits.

Based on the needs of our student population and their families this no out of pocket cost is a valuable resource in our building.

Thank you for supporting the funding for such a valuable asset.

Sincerely,

Cindy Abbott  
Tammy Riefberg  
Sonia Rivera

School Counselors RPMS
